

# Your Architect - George Mojzisek

## I. WHAT I CAN DO FOR YOU

1. Help you in resolving and solving construction defects and their problems in the building of your concern.
2. Prepare drawings and specifications for a construction cost proposal to be submitted to you for your approval.
3. Review existing drawings and specifications for a building you have in mind.
4. Help you in obtaining a Building Permit.
5. Help you in obtaining an Occupancy Permit.
6. Associate with other reputable structural and mechanical/electrical engineers that I have worked with in the past as may be required.
7. Review your building/drawings for building code violations and/or handicap requirements.
8. Introduce you to reputable local General and Sub-Contractors that I have successfully worked with in the past to give you a construction price.
9. Visit you at your home or at proposed site/building to evaluate it and discuss its pros and cons with you.

## II. BACKGROUND

1. US Citizen
2. Graduated the University of Notre Dame from their School of Architecture – in South Bend, Indiana.
3. Registered in Maryland, New Jersey and Pennsylvania.
4. Retired Full-time Practicing Architect.
5. Have a very good name in the architectural community and elsewhere. I have paid my bills promptly and consistently, thus I owe no one any money.
6. Honorably discharged from US Army with the rank of Captain.
7. Assistant Scout Master of a Handicapped Boy Scout Troop; also serve as its Chaplain.

## III. EXPERIENCE

1. Have investigated numerous buildings for roof leaks, basement leaks and structural problems.
2. Have been in the field of Architecture for over 50 years. Have never been sued.
3. Prior to my retirement, had been the senior member of a successful 22 person Architectural Firm. Was also the President of its sister Design Build Firm.
4. Have been an "expert witness" on numerous legal cases.
5. Have designed over 100 new building and over 100 renovated building including their additions and/or alterations.
